

The Business Case for Diversity

March 20

8:30 a.m. to 4 p.m.

Mattatuck Museum, Waterbury

The Foundation is proud to bring Jamal Jimerson and Minority Inclusion Project to our community to lead a discussion focused on how incorporating diversity, equity and inclusion into your work can strengthen your nonprofit organization.

The full day-event will include a panel discussion about nonprofit diversity, equity, and inclusion (DEI) challenges and opportunities, as well as two spark sessions focused on introducing participants to practical DEI action planning and the Minority Inclusion Project board diversity toolkit.

This FREE session is ideal for senior staff and board members of nonprofit organizations. Teams made up of staff and the board are encouraged to attend.
