Hors d'oeuvres, mocktails, and networking

Please register today. Seating is limited and we anticipate a full house!

We're excited to be joined by community leaders who work to combat these challenges. With their expertise, we will explore ways the Women's Giving Circle can provide critical resources in support

of women and girls in the Waterbury and Litchfield Hills communities. We'll also examine systems and policies that will allow them to withstand the social, economic, and environmental changes of the future.

Special guests include:

- Denise Arturi, Judea Garden
- Ivana Butera, LMSW, Town of New Milford Social Services Department
- Stacey Smith, Food Rescue US
- Yahshua WS, NEST
